PROFESSIONAL SUMMARY

A motivated developer and design enthusiast currently pursuing dual degrees in Data Science and Computer Science. Skilled in web development, API integrations, and content management. Apply my technical and design background toward building an optimized, user-friendly e-commerce site.

EDUCATION

Indian Institute of Technology, Madras (IITM)

April 2025 – Expected 2029

BS in Data Science and Applications

Nalla Narasimha Reddy Education Society's Group of Institutions (NNRG)

August 2025 – Expected 2029

B.Tech in Computer Science (Currently in 1st Year 2nd Semester)

TECHNICAL SKILLS

- **E-commerce & Web Technologies:** Wix, Shopify, HTML, CSS, JavaScript, Web Design, Cloudflare Workers & Pages
- **Digital Marketing & CMS:** Content Management, SEO basics, Website Performance Tuning, Landing Page Conversion
- **Programming & APIs:** C, Python, RESTful APIs, Third-party Integrations
- **Design Tools:** Graphic Design, Banners & Poster Creation, UI/UX Concepts

PROJECTS & RELEVANT EXPERIENCE

Serverless Web Application Architecture | Development Project | <https://tuition-platform.pages.dev/>

- Developed a scalable web application infrastructure using Cloudflare Workers and Pages.
- Integrated backend APIs for seamless data flow, ensuring fast load times and a smooth user experience.
- Managed data storage limits and optimized serverless functions for high-performance delivery.

Digital Design & Content Creation | Freelance/Project Work | <https://www.umeinteriors.com/>

- Designed compelling promotional materials, including marketing posters for local brands like UME INTERIORS.
- Created visual assets highly applicable for web banners, landing pages, and content updates to enhance brand presence.
- Researched and applied modern aesthetic principles to digital layouts to improve visual engagement.

Automated API Integration System | Technical Project | <https://github.com/Vadla-Hemanth/Automatic-Attendance-System>

- Integrated the InsightFace Buffalo_L model for an automated tracking system, demonstrating strong capability in handling complex APIs.
- Focused on reliable data handling and system performance optimization.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

- **Event Team Leader:** Organized and led technical events including CodeMania and C Hunt at NNRG.
- **Delegate:** Represented and actively participated in the NNRG MUN 2026.
- **Technical Presentation:** Prepared a specialized poster presentation for National Mathematics Day on the intersection of mathematics and machine intelligence.
